

For Parents & Teachers, Headmasters, Principals & Inspectors of Schools.

5. Alphabet & Physical Problem Solver Programme - One Year

After completion of “**Alphabet & Physical Problem Locator Programme**”, you can upgrade to the next level of finding solutions to handwriting problems you have located.

The Maestro will empower you to apply the appropriate solutions on children, youngsters and grown-ups and make observation as well as record every single or small issue or development.

You will be trained to take photographs, videos, collect handwriting samples, make notes as well as record the findings and submit them to the Maestro.

You will maintain a file with all your observations as well as your interventions and show the development of an individual's handwriting.

When you are able to guide another person, be it a child or a youngster or a grown-up, to transform their handwriting to the best possible levels, the Maestro will scrutinise and assess the records and when found competent, he will certify you as

“Alphabet & Physical Problem Solver”

When you complete all these three levels you become a certified

“Master Trainer”
